About US

At CorePac, we're proud to be a leading provider of disposable food packaging, offering over 2,000 products designed to meet the needs of businesses around the world. Whether you're in the food industry, retail, or other sectors, we provide reliable packaging solutions that help you run your business smoothly.

Our focus on innovation ensures that we stay ahead of the curve, providing products that meet the latest market trends and needs. We're also committed to sustainability, offering eco-friendly packaging options that help protect the planet while still delivering top-notch performance.

Our Mission

Our Mission is to produce more and with greater sustainability, while giving shapes to our innovative ideas and thus to present eco friendly products to the society.

Our Vision

We strive to be a leading and growing force in the aviation, hospitality, and food packaging industries, admired for our business culture, customer value, and inspiring our people.

Seal the Freshness with
PET & PP Lid
Choices

CorePac[®]

Kraft Soup Bowls

Blend eco-friendly durability with natural charm—ideal for serving hot soups, stews, and hearty meals on the go.

Soup Bowls with Paper/PP Lids

Enhance your food packaging solutions with our soup bowls, available with two professional-grade lid options. Choose paper lids for an eco-conscious presentation that aligns with sustainable branding, or opt for PP (polypropylene) lids when a secure, leak-resistant seal is essential for hot or takeaway items. Both options are designed to maintain product integrity and elevate customer experience.
